The Hon. Minister said, "Being the only free zone in Malaysia to integrate both industrial and commercial operations within the same zone, and with our reputation of providing first-class amenities to our tenants, we have a natural advantage of attracting numerous foreign investments. In the recent years Malaysia has been witnessing numerous investments from the U.A.E. and we are confident that our partnership with Jafza will bring in more investments and enhance two-way trade between the U.A.E. and Malaysia."
