CORONAVIRUS- PRECAUTIONS

Dear All,

The news of Coronavirus spreading further thus all of us have to be vigilant and be responsible to ensure that the virus doesn't manage to infiltrate into our living quarters and working places.

As employees of PKFZ, please observe the following:

1. You need to inform HR if you had visited China in the last 14 days.
2. You need to inform HR if you are going to visit China before the epidemic is under control.
3. Inform your colleagues or HR and visit clinic immediately if you are not feeling well.
4. Sneezing and coughing should trigger alarm and be of concern.
5. Stay hygienic, especially your hand. The virus enters human body through nose, mouth, eyes and ears.

Please observe the above closely. Surgical masks are no defence to this virus as reported widely by Medical professions. Your attention is extremely important.

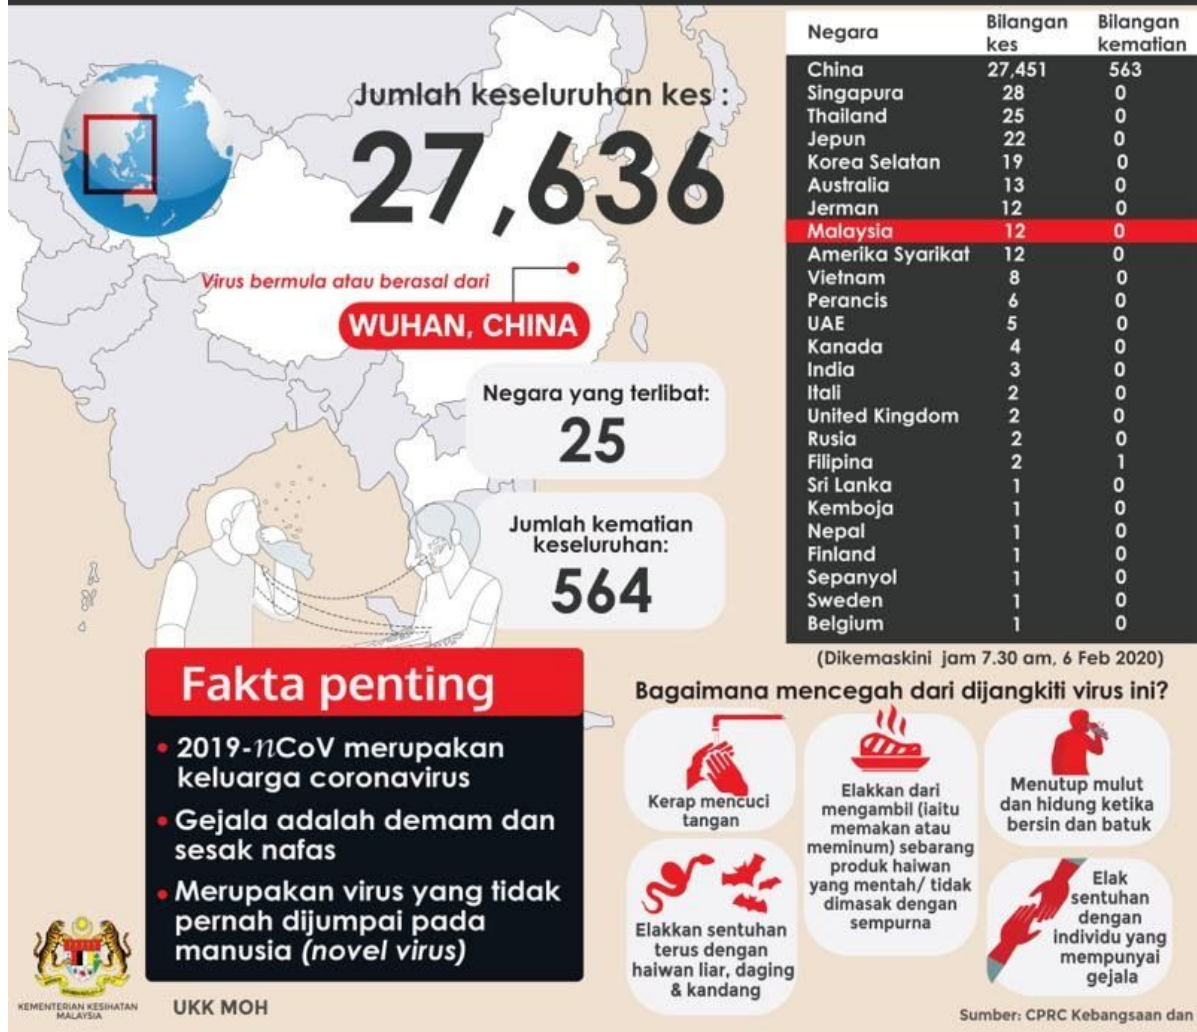

Thank you.

Yours faithfully,
PORT KLANG FREE ZONE SDN. BHD.

YS Thun
Chief Executive Officer

Novel Coronavirus (2019-nCoV)

Malaysia	0	26	0	26
China	5	30	0	35
Lain-lain	0	0	0	0
Jumlah	5	56	0	61

Apa itu Novel Coronavirus?

Coronavirus(CoV) adalah famili virus yang menyebabkan pelbagai penyakit dari selesema hingga ke penyakit lebih teruk seperti MERS-CoV dan SARS-CoV.

Novel Coronavirus

pula adalah merujuk kepada spesies baru yang belum pernah ditemui oleh manusia.

Pencegahan

(Saranan WHO)

Kerap mencuci tangan

Menutup mulut dan hidung ketika bersin dan batuk

Masak daging dan telur dengan sempurna

Elak sentuhan dengan individu yang mempunyai gejala

Novel Coronavirus di China adalah tidak sama dengan influenza di Malaysia.

Namun pencegahan kedua-dua penyakit adalah hampir sama

KEMENTERIAN KESIHATAN MALAYSIA
